2176(a)(1) and (2). Section 316(c) sets forth criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded to a professional person, the court shall consider the nature, the extent, and the value of such services, considering all relevant factors, including—

- (1) the time spent on such services;
- (2) the rates charged for such services;
- (3) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this chapter;
- (4) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed;
- (5) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the restructuring field; and

Id. § 2176(c).

59. DGC respectfully submits that the services for which it seeks compensation and the expenditures for which it seeks reimbursement in this Ninth Interim Application were necessary and beneficial to the Oversight Board. Considering the nature, extent and value of such services, DGC submits that the compensation requested herein is reasonable.

60. The compensation for DGC's services as requested is commensurate with the complexity, importance and nature of the problems, issues or tasks involved. The professional services were performed with expedition and in an efficient manner.
